## PERSONAL PROJECTS

### ▪ Portfolio - My Web Page

A React-based professional portfolio showcasing a developer's role, education, projects, and work experience. Includes a contact page enabling users to send emails for inquiries, designed to spotlight comprehensive developer details.

## ▪ User Information Application

A RESTful CRUD application managing user data via **ReactJS** frontend, **Spring Boot** backend APIs, and **MongoDB** storage. Enables seamless Create, Read, Update, and Delete operations for efficient user information management.

## ▪ Oauth-Google-Login-Spring-Maven

A Spring Boot app employing Google OAuth2 for secure user login, seamlessly storing user data in MongoDB. It features robust authentication, saving User IDs, names, profile pictures, and emails, providing a sample web app with login endpoints and user info display.

## ▪ Discount Application Using ODM

An application utilizing Operational **Decision Manager (ODM)** and **Spring Boot** to compute discounts based on selected countries. **ReactJS** manages the frontend, while **MySQL** stores data, offering a comprehensive discount calculation system.

## ▪ Data Security Approach On Cyber Crime With Web Vulnerability

This Application a prediction model for detecting vulnerabilities of web applications by applying **Machine Learning** techniques of Support and Deep learning techniques to predict the vulnerability in **kddcup** Dataset.

## CERTIFICATIONS

- M220J: MongoDB for Java Developers ([MongoDB](#))
- Oracle Learning Explorer (**Oracle Badge**)
- Cloud Core ([IBM](#))
- AWS Cloud Technical Essentials ([Coursera](#))
- Introduction to DevOps ([IBM & Coursera](#))
- Software Engineer ([Hacker Rank](#))

## PERSONAL DETAILS

- Date of birth : 23/06/2000
- Father's name : Duraipandi Chinnavadugan
- Gender : Male
- Nationality : Indian
- Languages Known : English (R-W-S), English (R-W-S), Hindi (R-W)

## DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge and belief.
